**St Joseph's Primary School, Wauchope** is seeking sponsorship to support the purchase of new representative sportswear.

The purpose of the new sport uniforms is to have the children represent our school and wider community at organised representative sporting events, helping to give them a sense of achievement, pride and acknowledgement. We are hoping for generous support from our local business community.

All sponsorship funds raised will go towards the purchase of new team Football jerseys, Netball dresses and Cross Country/ Touch Football singlets. Your business logo will be displayed on your nominated apparel.

We are approaching your business, this year, in the hope that you would consider sponsoring this cause. We see your sponsorship as an opportunity for our students to be able to achieve their sporting goals as well as promote local business houses.

If your business is in a position to sponsor you will receive promotion by means of your business logo printed on uniforms, promotion through our school Newsletter, Facebook page as well as further promotion at sporting carnivals. This publicity will help to promote your business as a supportive community member and your generosity will make a difference to our school.
